**The grades below are 1 – 5 for effort and A – E for achievement.
1A is the best and 3C is satisfactory**

English – Heather Krobok

Effort: 1

Attainment: A

Topics covered:

Yulia was very motivated and extremely interested in British culture. We only had 4 lessons together and in these lessons covered the royal family and current political situation. As Yulia is an English teacher in Russia I did not cover heavy grammar topics but did work on some vocabulary relating to celebrities and fame which was considered interesting by Yulia.

Evaluation of progress during lessons:

Yulia was totally attentive in class and a very enthusiastic learner – she was a pleasure to teach.

She completed various exercises in class and to a high standard.

Advice for future study:

Yulia is very proficient in the language and should she wish to take further studies in the UK, she would gain from taking an English course at advance level – no less.

Mock test or homework results:

No testing was organized during the 4 lessons and homework was limited, but completed to a very good standard.
